**JAPEX Provides COVID-19 Vaccination Opportunity to Our Employees
utilizing the Vaccination Bus Program of Tokyo Metropolitan Government (Information)**

Japan Petroleum Exploration Co., Ltd. (JAPEX) provided an opportunity for COVID-19 vaccination today to employees of the JAPEX group who is working at the head office in Tokyo. This opportunity was utilized the vaccination bus program, which provides a mobile vaccination clinic by Tokyo Metropolitan Government.

About 110 applicants were vaccinated at our office by the doctors, nurses, and assistants dispatched by a vaccination bus of Tokyo Metropolitan Government.

This vaccination opportunity aims to secure our employee's health and safety in consideration for the business continuity as an energy supplier, and is the fourth time following the past three in-house vaccination.

Under the "JAPEX Health Management Declaration" as the commitment to promoting health management as a management challenge in the JAPEX Group, we will further make efforts to contribute to keeping and increasing the health of our employees.
